## PROFILE

Software Engineer with experience across web applications, backend services, fintech, and ERP. Currently focused on chat applications, Ethereum integrations, and browser mini-games, with hands-on delivery from UI design to implementation and deployment.

## CORE SKILLS

**Backend:** Go, Java, Node.js, REST APIs, PostgreSQL, MySQL, Redis
**Frontend & games:** TypeScript, React, Next.js, Tailwind CSS, design systems
**Integration & delivery:** OpenIM, WebSocket, Ethereum, Alchemy, Git, Docker

## EXPERIENCE

**Full Stack Engineer | PT Citra International Digital** Nov 2025 - Present

- Built chat application features and services using OpenIM, Go, and WebSocket.
- Integrated Ethereum functionality into applications using Alchemy APIs.
- Built browser mini-games end-to-end, from gameplay and UI design to frontend, backend, testing, and deployment.
- Created a shared design system and reusable UI components for consistent game interfaces.

**Backend Engineer | Paper.id** Jan 2023 - Oct 2025

- Developed backend services for PaperCard, Horizon Card, Pioneer Card, and Open API.
- Integrated BRI, CIMB, and Ayoconnect, and customized invoicing workflows for Kopi Kenangan.
- Built approval workflows and maintained APIs for financial and invoicing products.

**Senior Backend Developer | PT Eigen Tri Mathema** Jan 2021 - Jan 2023

- Built ERP backend services, APIs, and integrations across business modules.
- Contributed to backend architecture, database query improvements, and code reviews.

**Web Developer | Freelance** Apr 2020 - Dec 2020

- Built and deployed custom web applications for small businesses and university projects.

**IT Support | PT Kurnia Parama Adhara** Jul 2018 - Feb 2020

- Maintained computers, local networks, and ERP applications; resolved day-to-day user issues.

## PERSONAL PROJECTS

**Oren POS** - Built a POS platform for F&B operations, covering sales, inventory, cashier workflows, and reporting. Used in my Jajaneun Chili Oil business.

**Patra World** - Built an explorable portfolio with a walkable world and a playable football mini-game.

## EDUCATION & CERTIFICATION

**Information Systems** | Universitas Terbuka | Jul 2023 - Present
**Computer Networking** | SMKN 4 Padalarang | Jul 2015 - May 2018
**MTCNA** | MikroTik Certified Network Associate | 2017
